ing in favor of the defendant. The case was tried two years ago, was decided in favor of defendants, appealed to supreme court, who remanded it for another trial, which occurred to-day before a jury. Plaintiff sues defendant for \$327 damages to forty carrels of apples stiftped on board the Olive Branch at St. Louis, Mo. The defense was that the defendents were not responsible for the damage that occurred. The evidence showed that the curred. The evidence showed that the day after the vessel left St. Louis she grounded 130 miles below, where she put out every pound of freight except a lot of feed—put it out on a bank, employed it is shall have placed the condition of our finance so as to admit thereof

teneral Business. With fair arrivals of produce from plates of boiler iron shall be distinctly above the market opened this morning for all grades and prices are the same, and permanently slamped in such man-rather weaker. We have no change to A fine stock is on hand and new sup-

rather weaker. We have no change to report in other branches of trade. Our prescribe, and if practicable, in such place or places that the mark shall be left visible after the plates are worked into boliers, with the name of the manning acturer, the quality of the iron, and whether or not hammered, and the place where the same is manufactured."

A correspondent of the St. Louis Times, however says:

The main point arrived at by the laws of congress, and by the demand of the people touching steamboat bolier fron, is security for Ille and property.

On the test of quality good charcoal iron has been considered the standard; and therefore the 14th section of the law of 1882, declaring the quality of the manning of the security for Ille and property.

On the test of quality good charcoal iron has been considered the standard; and therefore the 14th section of the law of 1882, declaring the quality of the manning of the section of the law of 1882, declaring the quality of the manning of the perfectly manageable at its present. The object of stampling the boiler plates which is good, to of far inferior consideration, being manageable at its present and concludes that boilers may be made of iron, with the concent. The object of stampling the boiler plates which is good, to of far inferior consideration, being market; the formation the perfectly manageable at its present average cost, served to inspire confinence; and, notwithstanding the scarcity and dearness of money, to drive three weaker. We have not change to the standard; and the present name to the perfectly manageable at its present average cost, served to inspire confinence; and, notwithstanding the scarcity and dearness of money, to drive three presents have been uniform, and at the close are experimental property.

The object of stampling the boiler plates which is good, to of far inferior consideration, being market in far the present property.

The object of stampling the boiler plates which is good, to of far inferior consideration, being market in sectio which is good, is of far inferior consider-ation, being merely, as stated in section into the market for hogs, thereby pro-treats all the market for hogs, thereby promered, and the place where the same is manufactured."

In proof that this rigid and punctility others; but when the drifting of the sone enforcement of the stamp rules is not required by the law, it is only necessary to glance at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the deliveries at the last clause of the 17th required travel, the delivery at the decorated and punction.

BROWN & PERKINS Pianos for the People 430 Broome St., New York. WE would call the attention of the public t our el-gant New Scale Planos, in the fo

lowing styles: STYLE "A." Jostava, Front large round corners, plain case, either octagon or carves legs, straight bottom, bend mouldlegs and lyre TYLE "C" ? octave, Front corners large rund, serpentine bottom, modifine same as on style D, carved lyre and desk, facer carved leg-tylef, D, octave. Four large round corners, finished bacs, modifings on rim Expanderns.

We navie the aliention of the public, of dealers and the probe too, to a critical examination of the merity of our Planes.

By ave ding the great expense attendant upon matly "actories and excensive warercome in the city, we are emabled to offer these Planes at crices which dely competition, and invite all to all and examine them before purchasing elsewhers.

call and examine their before purchasing elsewhers.

When references and testimonials are required by those about to purchase, instead of presenting a display of professional names, we refer to the parties to whom we have said our Pranos. Their judgment as to the real merios of our instruments as to their durability, touch, sweetness and power of tone, standing in time, etc., based on actual experience, being of far more value than the mere good spirition of the artist, however capable, who merely tries in a wareroom, instruments in perfect time and order, which have just received the workwen's last it is biding touches.

Our motto is, "Quick sales and small profits." ur motto is, "Quick sales and small profits." Send for a circular to
